ABOUT SYMBIOSIS INTERNATIONAL (DEEMED UNIVERSITY)

Padma Bhushan, Dr. S.B. Mujumdar established Symbiosis on the principles of vedic thought "Vasudev Kutumbakam", World as One Family, and is resplendent of the activities and students of several countries. With changes sweeping across India's higher education environment, Symbiosis International (Deemed University) has established institutes across 7 faculties of Law, Management Computer Studies, Health & Bio-Medical Sciences, Media, Communications and Design, Humanities & Social Sciences and Engineering. Symbiosis International (Deemed University) continues to grow, evolving by benchmarking itself against the best in the world. The university is re-accredited by NAAC grade 'A'

ABOUT SIOM

Symbiosis Institute of Operations Management (SIOM) is born out of the conviction that "Engineers, if forged and chiselled in an exclusive B-school environment can be outstanding techno-business leaders". SIOM is India's only institute dedicated to Operations Management with a vision of Empowering and Leading Operations Excellence.

The curriculum includes SAP ERP training, Six Sigma Certification by KPMG, CPIM, CSCP certification.

SIOM has been awarded "Pride of Maharashtra" under the category Best Institute of the Year by Maharashtra Industrial and Economic Development Association (MIEDA) (2019). SIOM bagged 3 awards including "SCM Institute of the year" by Institute of Supply Chain Management (ISCM) (2018) and also received International Education Excellence Award received for best in academic excellence by Confederation of International Accreditation (CIAC) (2018).

ABOUT THE CONFERENCE

On 10th Nov 2019

The Research Conference on Operations and Supply Chain Management (RCOSCM) focuses on theory as well as application under the broad discipline operations and supply chain management.

RCOSCM serves as an important platform for knowledge dissemination and paper presentations and aims to bring together concerned research scholars, management professionals from industry, academia, business entrepreneurs, business leaders and students on one platform.

Main theme:

Interdisciplinary Supply Chain Management

Sub themes:

- ❖ ***Information technology in supply chain management***
- ❖ ***Role of human factors in supply chain***
- ❖ ***Effect of supply chain management on finance and economics***
- ❖ ***Supply chain management, marketing channels and service management***
- ❖ ***Strategic importance of operations in supply chain management***
- ❖ ***Effective organisational change management***

The sub- themes mentioned above are suggestive, and researchers can submit their papers belonging to the central idea of supply chain management to ensure operations excellence

ABOUT WINTER SCHOOL
